## IL GIOCO DI PIENI E VUOTI CREA NUOVE ARMONIE ESTETICHE

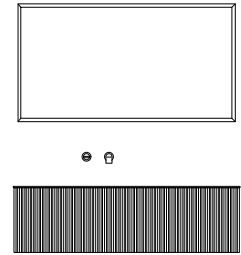

**IT.** E' esattamente così, il gioco di pieni e di vuoti crea nuove armonie estetiche. La luce lambisce gli elementi donando profondità alle superfici una volta lisce, regalando nuove percezioni alla vista e al tatto.

**EN.** It is exactly like that, the play between full and empty creates new aesthetic harmonies. The light laps the elements giving depth to surfaces once smooth, offering new perceptions to the sight and touch.

**FR.** C'est exactement ainsi, le jeu du plein et du vide forme des nouvelles harmonies esthétiques. La lumière borde les éléments donnant de la profondeur aux surfaces autrefois lisses, offrent de nouvelles perceptions à la vue et au toucher.
