WHAT OUR CUSTOMERS SAY

When I invest, I always look for the best product. I compared all software solutions on the market and ViSoft Premium was THE choice for me. It's just fun to work with it. It makes you almost addicted. I can recommend ViSoft Premium to everyone. Except to the competition.

Michael Welzel - Der Badgestalter
www.badgestalter-welzel.de

”

ViSoft Premium is the best investment I've ever made. We are specialized in regional, high-quality, private construction projects. Since we use ViSoft Premium for project planning and presentation, we experience a significant increase in our closing rate. Now we are up to nearly 100%.

Mathias Schreiber - HMS - Haustechnik
www.baeder-von-schreiber.de

”

ViSoft has been able to recognize the needs and desires of their customers for many years. The bathroom planning programme is the best programme I've ever had. Easy to use, perfect for presentations and quick support. What more could you want?

Andreas Schreyer - Andreas Schreyer GmbH

”

EMOTIONAL SELLING

THE #1 WITH GERMAN TILE TRADERS

Thousands of users rely on the planning and sales support of ViSoft Premium every day. 100% customer satisfaction is our aspiration.

SIMPLY FASCINATING TECHNOLOGY

Turn your project presentations into an unique experience, e.g. present an AR experience in the very room you are in.

HIGH CUSTOMER LOYALTY AND CONVERSION RATE

Show your customers their dream home and facilitate their decision making process through the clarifying effect of 3D visualization.

INDIVIDUAL AND HIGH QUALITY CONSULTING

Use our tools to clearly demonstrate to your customers the benefits of the product and open up further sales opportunities.

VISOFT AR APP

Explore tiles in augmented reality. A multitude of products are waiting to be discovered in life-size. Experience the project in your current environment - or tile the room directly yourself. Move freely through the room and discover, how the different tiles and grouts change the atmosphere of the room.

MEASURE

Easily measure your room

Labels necessary for all-meeting. (Don't cover it hand)

THAT'S US – VISOFT GMBH

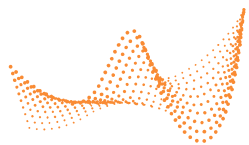

Founded in 1995, we develop and sell specialized software tools for the tile and sanitary industry. Companies of every size work with our software to plan, visualize and sell. 5.000 users in 87 countries – manufacturers, retailers and small family businesses – rely on us and our software.

Our state-of-the-art solutions support planning activities, customer consultation on site, on the web, as well as in the showroom. Thanks to the cooperation with more than 400 leading tile and 250 sanitary manufacturers, ViSoft maintains the world's largest and most up-to-date sanitary and tile database.

An experienced development and data integration team is the driving force behind our product innovations, extensive updates and ongoing detail improvements. Our support team provides solution-oriented technical support. We offer our products and services via 19 sales agencies across the globe.

Our owner-run company is firmly established as a reliable and innovative provider of visualization software – hence the name ViSoft – in the international tile and sanitary industry.
