Functional design for every room

You have probably heard of the saying "Design follows function", sometimes ironically changed to "Function follows design"?

Where the FN acoustic panels are concerned, none follows the other. Here, design and function are matched precisely, creating a design element with a double impressive effect for every room. And it gets even better – this shapely, functional product is also sustainable.

Fields of application:

In private surroundings:

- Living room – perfect for your office at home
- Hall stand and hallway
- Bedroom
- Children's room
- Music room
- Dining room
- Bathroom
- Weather protected outdoor area

In professional surroundings:

- Hotel business/catering trade
- Service providers/waiting rooms
- Canteens
- Offices
- Decorative shop design
- Showrooms
- Customer areas in official buildings, ...

Discover our wider range

FN FOILED PROFILES

Foiled mouldings are usually laid to laminate flooring. The reason is obvious: the same materials react in the same way to light and moisture. A wide range of shapes and decors leave almost nothing to be desired, especially when it comes to matching the decor of the skirting to the floor. In-house digital printing makes it possible!

FN VENEERED PROFILES

A skirting board provides the perfect finish between the floor and the wall. The necessary expansion joint is stylishly and elegantly concealed and the profile, ideally in the same décor as the floor, completes the room. Veneered profiles are usually laid with parquet floors. The reason is obvious: the same materials react in the same way to light and moisture.

FN WHITE PROFILES

White skirting boards are modern, elegant, stylish and very much in fashion. We offer an extensive variety of different materials and surfaces as well as shades of white. The following pages provide an overview of this product range. Find the perfect version for your market.

FN FUNCTIONAL AND WATERPROOF PROFILES

If the standard no longer fits or special challenges need to be overcome, FN Neuhofer offers a selection of special solutions for a wide range of applications. And for LVT or waterproof floors, there are matching waterproof skirting boards, decorated to match the floor or simply in white.

FN SOLID WOOD PROFILES

Wood in its most natural form, cut and planed, raw or varnished, sustainable and destined to last forever: these are our solid wood profiles, made from hardwood or softwood. Real, natural and grounded. Whether you need a resilient skirting board, wood for crafts for everyone and everywhere in the house, or old wood for a one-of-a-kind ambience.

FN FLOOR ACCESSORIES

Clips, corners and numerous other accessories are indispensable for quick and easy moulding installation. The mouldings are all provided with functional grooves into which various clips, fixing rails or holders for corner pieces can be inserted. The aim is always the same: to make installation as easy and uncomplicated as possible for the customer.

FN FLOORING PROFILES

When installing flooring, each room is usually laid as a separate area. During this process, an expansion joint should be planned under every door. And if the floor areas become too large, they should also be separated by expansion joints. If there are different coverings in the individual rooms, such as tiles, laminate flooring, parquet flooring or LVT flooring with different floor heights, it is essential to cover the joints that are created as a result.

FN LIVING

Modern wall design with additional benefits is important in today's fast-paced and noisy world. Acoustic panels create peace and quiet in your own home, while various wall panelling systems enhance the room and create a cosy ambience. And the DIY concept is not neglected either. You can fill, glue, paint and realise your own creativity.

All dimensions and performance of the products stated in the product catalogue are to be regarded as approximate. The stated dimensions and performance of the products are non-binding; this applies in particular to their quality, colour and design (grain, surface, etc.). Furthermore, we expressly reserve the right to make any deviations from the products shown in the product catalogue; the offer and order confirmation are exclusively authoritative, based on the General Terms and Conditions (see <https://www.fnprofile.com/de/verkaufs-und-lieferbedingungen-01-01-2022.html>). The customer can therefore derive no rights - of any kind whatsoever - from pictorial representations and/or specified dimensions and services in accordance with this product catalogue.

Printing and typesetting errors and mistakes excepted. 03/26
