### LOOK

MARBLE & ONYX

### KIND OF MATERIAL

Dry pressed porcelain stoneware slabs (6 mm thickness)  
Full-body coloured porcelain stoneware (9 mm thickness)

### COLLECTION'S PRESENTATION

ONICE REALE pays homage to a rare variety of Persian Onyx; with its deep emerald tones and the exclusiveness note lent by the differing intensity of the shading and the characteristic use of colour tones ranging from grey to white, green to brown. The collection, which is available in six colour options, is enhanced by the high-gloss finish created by granular glazes and rendered even more appealing by the wide range of sizes, including the 120x280 cm slab and the stunning 160x320 cm slab.
