LOOK STONE & CLASSIC

KIND OF MATERIAL

COLLECTION'S PRESENTATION Yesterday, today, and tomorrow: the history, the modernity, and the timeless style of the Mediterranean landscapes are the traits of MEDITERRANEA. A collection inspired by the characteristic stone of that area, which, left naked to the eye, is warmed by the sun and smoothed by nature. A stone with many facets due to its many origins, whose edges, worn by time, give it a unique depth and personality. A stone that is classic and modern at the same time, rich in history but also a source of inspiration to imagine the future.

The MEDITERRANEA collection is extremely versatile: with its multiple sizes, all rectified, you can compose modules with 3 or 4 sizes with a joint size of 2 mm.
