CALACATTA GOLD

COLLECTION	CALACATTA GOLD
LOOK	MARBLE & ONYX
KIND OF MATERIAL	Dry pressed porcelain stoneware slabs (6 mm thickness) Full-body coloured porcelain stoneware (9 mm thickness)
COLLECTION'S PRESENTATION	CALACATTA GOLD by TAGINA is a porcelain stoneware collection inspired by the precious Italian marble quarried in Tuscany, in the Apuan Alps. The striking aspect of its refined yellow-gold veins, highlighted by a white-straw background, make it an ideal collection for furnishing luxurious environments, even with minimalist objects, as well as modern ones especially when combined with other materials such as wood and metal effects.

SURFACES FINISHES	Natural rectified Glossy rectified
