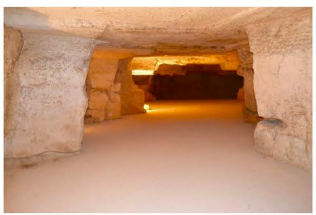
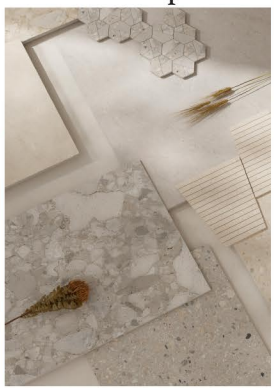
Architecta

Inspiration





Solida, essenziale, profondamente espressiva.
Architecta trae ispirazione dalla pietra vicentina, per trasformarla in un materiale che diventa racconto di sobrietà e potenza naturale.
Ogni superficie vibra di dettagli, venature e variazioni tonali che amplificano la bellezza autentica della materia.

Le sue superfici parlano il linguaggio della **SOLIDITÀ** e della **RAFFINATEZZA**, combinando dettagli naturali e variazioni tonali che donano **PROFONDITÀ** ed **ESPRESSIVITÀ**. Pensata per ambienti residenziali e contract, Architecta è una collezione versatile che permette di passare dal rigore compositivo a soluzioni più decorative. **L'AMPIA GAMMA DI FORMATI** e la **RICCHEZZA DI TEXTURE** la rendono ideale sia per pavimenti che per rivestimenti, adattandosi a stili diversi: **MINIMAL, CLASSICO, INDUSTRIALE.**

LAPIS: dinamica e vibrante, con venature marcate che creano movimento e intensità.

CEPPO: autentica e materica, ispirata al ceppo lombardo, con frammenti che valorizzano la dimensione naturale della pietra.

PETRA: equilibrata e neutra, sobria ma espressiva, perfetta come base per progetti eleganti e senza tempo.
