

Inspiration

Galaxy è un'esperienza sensoriale di tatto e sguardo. La sua cifra stilistica è la finitura 3D HONED, frutto di una tecnologia avanzata che regala alla superficie una SATINATURA VELLUTATA, morbida al tatto e sofisticata alla vista. La materia sembra respirare, diffondendo la luce con discrezione e uniformità, senza mai imporsi, ma accompagnando lo spazio con misura ed eleganza.

Perfetta per ambienti residenziali minimal, interni di hospitality moderni o spazi contract dove estetica e comfort si incontrano, Galaxy trasforma la luce in atmosfera, donando armonia e benessere.
