COLLECTION:	Civic
TYPE:	Porcelain tiles
SURFACE FINISH:	Matt R9, Matt Touch Plus R10B, Grip Touch Plus R11C, Aextra20 R11C
INTRODUCTION TO THE COLLECTION:	<p>The Civic collection explores the expressive qualities of concrete through three surface interpretations. Cross evokes a cloudy, shaded appearance; Vein features directional, linear movement; and Chips stands out for its granular texture, also available in a Multicolor version.</p> <p>Each surface is available in a calibrated selection of tones: Fusion, Clear, Sable, Plinth and Silent. The Multicolor option comes in four versions, White, Warm, Cold, and Black, designed to expand CiViC's expressive reach.</p> <p>The collection is complemented by a wide decorative offering that enhances its design flexibility: InSquare, in 30×30 cm size, is available in Clear and Silent combinations with R10 B matt touch plus finish; Composizione M reinterprets the cement grid in five tones across the same size; Circle, in 60×60 cm, explores subtle contrasts and bold pairings between base surfaces and Multicolor tones; and Straight, in the 60x120 cm size, translates the language of vertical lines across all five base color groups.</p>
